

Margatinis

Submitted by Mike Storey

In a hand cocktail shaker, put 3 shots of your favorite tequila and 1 1/2 shots of Contreau. Fill with ice to top. Add juice from one fresh lime and one fresh lemon. Add orange juice and 7up in equal portions to fill shaker.....probably less than 2 shots of each.

In martini glass, add two jalapeño stuffed olives and a splash of dirty olive juice. Shake hell out of mixer and serve. Should make two to four Margatinis depending on size of glass.
